Timely Topics in Internal Medicine 2012

Register online now!
Dear Colleague,

The Texas Chapter of the American College of Physicians—your partner and champion of internal medicine—is coming to Fort Worth in November! We invite you, your friends, and your colleagues from all across our great state to join us for this exceptional meeting. Scientific updates, procedural workshops, and the latest news and resources from the College will all be a part of the program to provide you with comprehensive tools for your practice. The 2012 annual meeting is planned for Saturday and Sunday, November 3 and 4, at the beautiful Omni Hotel in Fort Worth.

Pre-course sessions will provide the opportunity to obtain credit toward American Board of Internal Medicine (ABIM) Maintenance of Certification. The ABIM’s Self-Evaluation Process Modules on Office-Based Internal Medicine and Hospital-Based Internal Medicine will be offered on Friday, November 2, from 1:00 to 5:30 p.m. Seating will be limited to 30 to enable an interactive learning format and audience response system. In addition to earning CME credits, you will enjoy the opportunity to:

• Fulfill the one-hour ethics requirement for renewal of your medical license.
• Discuss local and national issues affecting the practice of internal medicine.
• Greet old friends and meet new ones.
• Bring your family and enjoy all that Fort Worth has to offer.

Steven Weinberger, MD, FACP, Executive Vice President and Chief Executive Officer of the American College of Physicians, will attend our meeting to talk about medicine’s issues from the national perspective. More important, he wants to hear from you and understand the unique viewpoint of our Texas Chapter members. The annual meeting provides an Administrator opportunity to make your voice heard by ACP leadership. Visit the annual meeting Web page at www.txacp.org to register, or complete the form at the back of this brochure and mail or fax it today.

Of course, the Texas ACP meeting is not limited to ACP members. Nonmembers are welcome to join us for this important clinical update and to learn about the benefits of membership at the same time. We encourage you to share this information with your colleagues.

Sincerely,

Clark R. Gregg, MD, FACP

MEETING INFORMATION

Medical Students’ and Associates’ Activities

Medical students and residents are invited to participate in all annual meeting events, especially those activities designed specifically for their interests. Although registration is free, students and residents must register for the meeting in advance.

Winners of the five regional Associates’ clinical vignette competitions will present their cases in the statewide competition during the plenary session on Saturday morning. The winner will advance to ACP’s national competition in San Francisco in April 2013.

Medical students will present clinical vignettes in a competition, with the winners to receive cash prizes. The student who achieves first place will be eligible for the national competition at the 2013 ACP annual meeting.

First-, and second-place winners will be named in the Medical Students’ and Associates’ poster competitions.

Students and Associates are also encouraged to submit original prose or poetry dedicated to the theme The New Doctor: The Impact of Generational Shifts and a Changing Medical Educational Environment for the On Being a Doctor writing competition. The winning author of the On Being a Doctor competition will share his or her composition in a 10-minute oral presentation during the Plenary Session on Saturday.

The thirteenth annual Doctors’ Dilemma® statewide competition will begin with a luncheon on Sunday. All Internal Medicine residency programs in Texas are invited to register their team in advance and come join in the fun.

Visit the TXACP Web site at www.txacp.org for complete details on all of the student and resident events, or call the Chapter Business Office at 512-370-1508.

Awards

The annual business meeting and awards luncheon on Saturday, November 3, will include recognition of the recipients of the Texas Chapter Laureates Award, Texas Chapter Volunteerism and Community Service Award, Advocate of the Year Award, and the Young Physician Leadership Award.

Evergreen Award

The John Tooker Evergreen Program was created in 1993 by the College to recognize and reward outstanding chapter efforts. The John Tooker Evergreen Program provides visibility to those chapters that have been successful in implementing programs that increase member communication and involvement.

Each year all chapters are invited to nominate their own programs and to provide details on the goals of the program, how it was implemented, and what the results were. The Chapters Subcommittee has the difficult task of selecting a small group of winning chapters, which are recognized nationally and locally for their achievements.

We are excited to announce the 2012 John Tooker Evergreen Award will be presented to our chapter for the Texas Medical Home Initiative.

Chapter Excellence Award Winner

We are proud to announce that the Texas Chapter is the recipient of a 2011 Chapter Excellence Award. The Chapter Excellence Award recognizes those chapters that excel in reaching the highest standards for managing a chapter, such as communicating to members, hosting medical student and associate activities, and recruiting and advancing members.

Acknowledgments
(as of July 2012)
This program is supported, in part, by unrestricted grants from:
Gold Level
• Texas Health Harris Methodist Foundation

CME Development and Accreditation
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of Scott & White and the Texas Chapter of the ACP. Scott & White is accredited by the ACCME to provide continuing medical education for physicians. Scott & White designates this live activity for a maximum of 16 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in the activity. The 16 AMA PRA Category 1 Credits™ includes 4 hours total for the optional ABIM Recertification SEP modules and 2 hours for the optional breakfasts. The ABIM Recertification SEP modules on Friday, November 2, from 1:00–3:00 p.m. and 3:30–5:30 p.m., are each approved for an additional 2 AMA PRA Category 1 Credits™ for a total of 4 AMA PRA Category 1 Credits™. The following session is approved for ethics credit: “Ethics and law at the end of life,” Plenary Session, Sunday, November 4, 11:10 a.m. (1 hour). The need for this program was identified from the results of a survey of evaluations and suggestions from past participants, along with input from the chapter’s Education Committee. The program will consist of lectures, supplemented with audiovisual presentations.

Who Should Attend
• General internists
• Subspecialty internists
• Family physicians
• Fellows in subspecialty training
• Allied health practitioners
• Residents
• Medical students interested in internal medicine

Syllabus
The syllabus will be available online before the meeting so attendees can print out the syllabus in advance. More information will be sent to each attendee after they register regarding the online passphrase and password. Make sure to include a primary e-mail address on the registration form so that this information can be distributed.

Learning Objectives
At the conclusion of this activity, the participant should be able to:
• Analyze the approach to the diagnosis and counseling of the patient with a heritable disease
• Review the diagnostic approach to the adult patient with suspected congenital heart disease
• Outline the presentation and evaluation of patients and families with multiple endocrine neoplasia
• Describe recent developments in palliative care
• Identify the relationship between GERD, Barrett’s esophagus, and esophageal cancer, with greater understanding of prevention and treatment
• Review the approach to the diagnosis and treatment of sarcoidosis

A course evaluation form will provide participants the opportunity to review each session and speaker and suggest future topics.
Meeting Information

- Update diagnostic and therapeutic skills for common outpatient orthopedic problems
- Discuss the latest treatment of gout
- Recognize ocular clues to the diagnosis of important systemic diseases

Hotel Accommodations

As breathtaking as any West Texas sunset, the Omni Fort Worth Hotel offers a taste of Texas hospitality. Obtain credit toward your American Board of Internal Medicine Maintenance of Certification (MOC) on Friday, November 2, from 1:00–5:30 p.m., in Fort Worth at the TXACP annual chapter meeting. TXACP faculty will present two ABIM Self Evaluation Process Modules, 2012 Updates in Office-Based Internal Medicine and Hospital-Based Internal Medicine, as pre-courses to the annual chapter meeting. Each SEP module contains 20 to 25 multiple-choice questions to be completed through group discussion and with the help of an automated audience response system.

Upon completion of the session, attendees will be able to submit their answers to ABIM for scoring and points toward the self-evaluation of knowledge requirement associated with the MOC Program.

Advance registration is required and will be limited to 30 participants.

The fee for each Learning Session is $75 for ACP members and $125 for non-members. The fee covers the costs for the educational support and refreshments provided at the session and should be paid directly to TXACP.

To participate in this session:
1) Register in advance by completing the TXACP Annual Meeting registration form in the brochure or online, select the ABIM SEP Modules under “Special Events,” and submit registration fee to TXACP.
2) If you are enrolled in the ABIM MOC process you may order your SEP modules from ABIM at www.abim.org/online/ or call 800-441-2246 prior to the session to expedite receiving credit for the SEP modules from ABIM.
3) You may bring your modules with you to the Learning Session; note that we will provide all course registrants with a printed version of the SEP modules onsite.
4) Submit your answers to ABIM for MOC credit after the Learning Session via the ABIM Web site (for immediate results).

For more information about ABIM’s MOC program, visit www.abim.org/moc/ or call 800-441-2246.
