Overview and Purpose

The Update in Internal Medicine is a program emphasizing topics requested by our referring physicians, strategies arising from journal clubs, and posed by our trainees. The program highlights diagnostic and therapeutic solutions based on the most recent clinical science. The goal is to provide state-of-the-art practical advice on issues identified as frequent items for consultation and second opinions, as well as new advances in applying molecular techniques in translational medicine.

Educational Objectives

Upon completion of this symposium, the participants should be able to:

• Discuss the epidemiology, clinical manifestations, pathophysiology, and treatment of common clinical conditions seen by internists and other primary care providers.
• Evaluate diagnostic procedures for certain conditions seen by internists and other primary care physicians and identify the sensitivity, specificity, and positive and negative predictive values of this diagnostic procedure.
• Incorporate results of recent clinical trials in the management of patients with common and important medical conditions.
• Develop diagnostic algorithms for well recognized syndromes commonly seen by primary care physicians.
• Implement new approaches to primary and secondary prevention of some common and important diseases.

Upon completion of this symposium, the participants should be able to link the educational objectives to as new advances in applying molecular techniques in translational medicine.

Registration

Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Continuing Education Information

The University of Texas Southwestern Medical Center designates this activity for a maximum of 10.0 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in this activity.

Accreditation

The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Conflict of Interest

It is UT Southwestern’s policy that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker’s presentation. Each speaker has completed and signed a conflict of interest statement. The faculty members’ relationships will be disclosed in the course syllabus.

Discussion of Off-Label Use

Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be “off-label” use discussed in the presentations. Speakers have been informed to refrain from informing the audience when off-label use is being discussed.

Registration

The registration fee entitles the participant the admission to the conference, all course materials, continental breakfast, lunch and refreshment breaks during the meeting.

Refund Policy

A $80 handling fee will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to April 1, 2013, no refunds will be made thereafter.
