A Distinguished Past...

A Bright Future...
GIMSPP, curated by the Texas Chapter of the American College of Physicians, is seeking physician mentors for the Summer 2016 preceptorship session.

Preceptors open the doors to their practice to provide a medical student with personal instruction, training, and supervision for 3-4 weeks. Benefits of preceptorship include:

- The opportunity to give back, while rekindling your passion for medicine.
- The ability to help advance primary care in Texas.
- An enriching experience for both the student and preceptor.

For more information, or to apply online, visit www.gimspp.org.

“The Next Generation of Medicine Needs You!”

“GIMSPP isn’t just good for the students, it’s good for the preceptors.”

— Dr. Susan Andrew, TXACP member and long-standing preceptor
Welcome to the Annual Texas Chapter Program!

Your Education Committee has planned an impressive program for you. We hope you enjoy your time in Dallas!

A Letter from the Host Governor

Welcome to Dallas and the Annual Texas Chapter Scientific Meeting. The Centennial Celebration of the College continues through 2015 and I’m proud of a program that I hope will help to honor the past, present and future of internal medicine in Texas.

Dr. Temple Howell-Stampley and the Education Committee have assembled a distinguished faculty and case-based presentations to bring us up to date on a variety of scientific topics. Saturday morning kicks off with the popular Women in Medicine and Advancement to Fellowship Breakfasts, followed by a keynote presentation by Master in the College, Dr. Faith Fitzgerald of UC Davis, California. We will host a unique mindfulness session on Saturday for our early career physicians. Saturday morning also welcomes more than 35 Medical Student Presenters and the opening of the Exhibit Hall.

Following the morning events, I would like to invite you to join us for the Annual Business Meeting & Awards Luncheon. We will elect your new Officers and Directors to the Board, provide an update of chapter activities and recognize a few of your esteemed colleagues, including a 20-Year Service Award to a preceptor from our the General Internal Medicine Statewide Preceptorship Program and two Chapter Centennial Legacy Awards on behalf of the ACP. This year, more than 40 Resident/Fellow members will present abstracts on Saturday afternoon and we welcome Chair Emeritus of the ACP Board of Regents, Dr. Charles Cutler, to provide an update on College activities. Clinical updates will round out Saturday afternoon sessions, before we gather in the Exhibit Hall for a reception hour following general session.

Sunday sessions will begin at 7:55am with two consecutive breakout rooms for you to choose from. Seating is first come, first served for these AM sessions. The first sessions at 8am are approved for Ethics credit for state licensure. Be sure to visit the Residents Doctor’s Dilemma Competition on Sunday following General Session. This year, two teams will advance to represent Texas in the National Competition at IM2016.

As always, we are grateful to our industry supporters and exhibitors whose generous contributions and participation make this conference possible—educationally and financially. Please remember to take the time to visit the exhibit hall and complete your Exhibitor Passport to be entered to win the drawing on Sunday morning for great prizes!

Remember to turn in your CME and evaluation forms to the registration desk. We want to hear from you!

For 100 years, ACP has been the professional home for Internists and later, subspecialists involved in the science and practice of medicine in primary care. I am struck by a quote from Sir William Osler that reiterates the importance of our professional associations and programs like the one before you today.

“You cannot afford to stand aloof from your professional colleagues in any place. Join their associations, mingle in their meetings, giving of the best of your talents, gathering here, scattering there; but everywhere showing that you are at all times faithful students, as willing to teach as to be taught.”

I am thankful that you are here, I look forward to your feedback on the annual meeting and hope you enjoy your time in Dallas.

Continuing Education

CME Accreditation

The American College of Physicians is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American College of Physicians designates this live activity for a maximum of 17.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Please note PRA Category 1 Credit(s)™ includes 4 hours total for the optional ABIM Recertification SEP Modules, .75 hours for the Women In Medicine Breakfast, 1.25 hours for the CECP Breakout Session, and .75 hours for the TXACP Services Update.

Ethics

The presentations “Spirituality and Faith in Serious Illness – a Primer for Clinicians” and “Physician Aid in Dying” on Sunday November 8 at 8am fulfills 1 hour of the ethics and/or professional responsibility hour required for Texas licensure per the Texas Medical Board.

Your Opinion Counts

At the conclusion of the meeting, please take a moment to complete the meeting evaluation form and verification of attendance form in your packet and return it to the registration desk. We value your opinion and use the surveys in planning future meetings. Let us know what will be most beneficial to you.

How Do I Receive My CME Documentation?

To obtain CME credit for this meeting, obtain a CME documentation form at the registration desk. You must fill in the required information on this form. Please turn in your WHITE copy of the form along with your evaluation to the registration desk at the conclusion of the conference. The YELLOW copy will be your proof of CME credit and no further documentation will be provided.
Learning Objectives

At the conclusion of this activity, the participant will be able to:

- Apply updated knowledge of internal medicine to clinical practice.
- Apply updated knowledge of cardiology, pulmonary, infectious disease, oncology, gastroenterology and diabetes management to clinical practice.
- Improve clinical practice by incorporating major new developments in subspecialty medicine.
- Improve clinical practice by incorporating major new developments in ACOs, value-based contracts, and transitions of care.
- Attendees will define spirituality and religion, relating them to healthcare.
- Identify which patients are most likely to request Physician Aid in Dying.

**Council of Subspecialty Societies (CCS)**  
ACP formed the CCS to provide a forum for the exchange of ideas on issues relevant to internal medicine, and the challenges affecting medicine in general and subspecialty societies in particular.

**ACP Formed Health and Public Policy Committee**

The ACP Health and Public Policy Committee was formed in 1982, and charged with developing and assisting with implementation of the College policy on issues affecting the health care of the American public and the practice of internal medicine and its subspecialties.

**First ACP Ethics Manual**

The ACP Ethics Manual is the foundation of college policy in medical ethics and professionalism.

Doctor’s Dilemma, also known as Medical Jeopardy, brings together some of the brightest residents from around the world in a friendly, but highly competitive, environment. The competition tests the medical knowledge of up to 40 teams, each representing an ACP Chapter.
Recruit-a-Colleague

Invite your colleagues to join you and more than 7,300 members in Texas within the college’s internal medicine community. Recommend ACP membership to your colleagues and earn a significant discount on your membership dues or even free membership.

Between now and March 1, 2016, you may receive credit towards your 2016-17 dues when you recruit one or more new members!

To be considered a recruited member, your colleague must:

- Be a nonmember (or former Member or Fellow) who is eligible for “full” ACP Membership or Physician Affiliate membership and pay $100 or more in dues
- Submit a membership application, along with his/her dues payment before March 1, 2016
- Write your name in the recruiter box on the top of the Membership application

ACP delivers valuable benefits for every stage of your career in internal medicine. Thank you for being a member of the college and the Texas Chapter!

If you would like more information on membership opportunities and the Recruit-a-Colleague program, please contact your Texas Chapter office at 512-370-1528 or visit acponline.org/recruitacolleague

In 2007 ACP published the first online version of the MKSAP—MKSAP 14. The ACP - TAIM chapter meeting is held at the Fairmont hotel, hosted by Texas Northern Governor, Dr. Mark Armstrong.

In 2007, ACP began publishing ACP Hospitalist, a monthly publication for physicians in hospital medicine. In 2008, The ACP Internist continued the newspaper’s mission to provide news and information for internists about the practice of medicine and reports on the policies, products, and activities of the ACP.

We are pleased to announce that our chapter is in receipt of the 2014 Chapter Excellence Award! The award recognizes chapters which successfully meet the standards for managing a chapter. In order to achieve the Chapter Excellence Award, chapters must meet all basic criteria and seven optional criteria. Criteria include such activities as formulating an effective Governor’s Council and committees, communicating frequently with membership, providing educational opportunities, recruiting and advancing members and celebrating membership through local awards. I would like to extend a special thanks to those chapter members who assisted us in all of these endeavors! For their hard work and dedication, we received this award.

The John Tooker Evergreen Program was created in 1993 by the College to recognize and reward outstanding chapter efforts. The John Tooker Evergreen Program provides visibility to those chapters that have been successful in implementing programs that increase member communication and involvement.

We are excited to announce the 2015 John Tooker Evergreen Award was presented to the chapter for in the Collaboration Category for Arts, Humanities and Medicine - A Prescripton for Healing.

The ACA was signed into law by President Barack Obama on March 23, 2010, representing one of the most significant federal statutes since the passage of Medicare and Medicaid in 1965.

In 2011 the TXACP Foundation is established to support Medical Student and Residents activities in the chapter.

In 2011 ACP launched its High Value Care Initiative to help clinicians and patients understand the benefits, harms, and costs of tests and treatments for common clinical issues. The Texas Chapter continues to support QI initiatives locally.
The President and Governors serve as ex-officio members of all committees unless listed here as a voting member.

**Awards for 2014-2015**

The Awards Committee is pleased to announce that the Board of Regents has approved the following individuals to receive Masterships at Internal Medicine 2016. We wish to congratulate the following ACP members:

**New Masters of the College:**
Lysbeth W. Miller, MD, MACP - Austin
Robert E. Jackson, MD, MACP - Houston

This award celebrates ACP’s centennial by recognizing one seminal chapter member whose service to the chapter had a significant impact on the chapter’s viability. These individuals exemplify ACP’s core values including leadership, excellence, respect, compassion, professionalism, and responsibility.

**ACP Chapter Centennial Legacy Awardees**
Lynne Kirk, MD, MACP - Dallas
Marvin Forland, MD, MACP - San Antonio

ACP Leadership Academy

The ACP Leadership Academy provides early career internists with the skills and knowledge necessary to become leaders in medicine.

The program includes formal live and online courses offered in partnership with the American College of Physician Executives (ACPE), the nation’s largest leadership training organization for physician leaders. Online courses are offered as self-study or faculty led and includes topics such as strategic thinking, financial decision-making, managing physician performance, marketing, ethics, quality management and more.

All courses are eligible for CME credit through the ACPE. They were selected to provide episodic leadership training for members who want to brush up on a specific content area or to earn credits toward the Certified Physician Executive (CPE), a nationally recognized leadership certificate from the ACPE. Credits may also roll into an advanced degree program from selected accredited universities. ACP members receive a 15% discount on approved courses.

In addition, the ACP Leadership Academy is currently accepting registrations for a series of FREE (non-CME) webinars on a variety of leadership topics.

**Topics currently scheduled include:**

- **December 16, 2015** Achieving Health Equity for Lesbian, Gay, Bisexual and Transgender People
- **February 3, 2016** Sink, Swim, or Go for the Gold? How MACRA Changes the Way Internists are Paid

All webinars start at 6:30 p.m. ET.

To learn more about the ACP Leadership Academy and to register for the free webinar visit www.acponline.org/lead. If you have questions, please email lead@acponline.org
